

## **MOOG Infusion Pump Training**

**Purpose of this communication:**

To extend the opportunity for Home Health Agencies to learn how to become a proficient user of Cigna's Preferred Infusion Pump for IV services for their members.

# **MOOG**

## **CURLIN™ Ambulatory Infusion Pump**

**What do I need to know?**

Cigna Specialty Pharmacy requires all RN's providing IV services for their members to be knowledgeable and competent in the use of the Curlin 6000 pump. Additionally, specialty pharmacies and their patients expect trained RN's to administer the IV therapies in the home setting.

**What do I need to do?**

Moog Medical Devices, a leader in the ambulatory infusion industry, is offering free, comprehensive online training, accessible to all healthcare professionals.

The 1 hour training course has two modules, with a corresponding short knowledge test, required at the end of each module. Upon successful completion, the healthcare professional will receive a certificate as proof of training.

**Help improve the patient experience and get started today on your training, please email: [eLearning@Moog.com](mailto:eLearning@Moog.com)**

**Thank you in advance for your cooperation and continued partnership. If you have any questions, please reach out to your assigned network management representative for assistance.**
