

FOR IMMEDIATE RELEASE

CareCentrix and Horizon Healthcare Services, Inc. Sign 5-Year Agreement to Provide Home Care Services for Millions of New Jersey Members

HARTFORD, Conn. – February 3, 2015 – CareCentrix, the leader in managing patient care to the home, announced today that it has entered into a 5-year agreement with Horizon Healthcare Services, Inc., New Jersey’s oldest and largest health insurance company, to provide Homecare Benefit Management services. The agreement demonstrates the future of home-based transitional care and the central role CareCentrix plays in helping to control the unsustainable rise in healthcare costs. CareCentrix, headquartered in Hartford, Conn., covers 23 million patients nationwide and has a national network of almost 8,000 credentialed homecare provider locations.

Under the terms of the agreement, CareCentrix will provide for the management of Horizon’s Care@Home program, delivering home health services, including durable medical equipment, home infusion management services and traditional home health to its more than 3.7 million members.

“Our agreement with Horizon is yet another confirmation of how home and community-based solutions are more relevant in helping lower the unsustainable rise in healthcare costs,” said CareCentrix CEO John Driscoll. “CareCentrix has the proven ability to provide consistent and reliable services to assist high-risk and chronic disease patients transition successfully from the hospital to the home, getting the care they need, when they need it, for the right cost. In entering this agreement, Horizon has confirmed its confidence in CareCentrix and our track record of being able to deliver on the promise of home health.”

“Horizon’s Care@Home program is focused on providing our members with the best home care services, and CareCentrix, as a leader in home health care, will assist us in managing our members’ home care services effectively and efficiently,” said Jim Albano, Vice President of Network Management and Horizon Healthcare Innovations at Horizon Healthcare Services, Inc.

The starting date of the new Horizon Care@Home program as described is subject to the New Jersey Department of Banking and Insurance’s review of the management services agreement between the parties.

About CareCentrix

CareCentrix is the leader in managing patient care to the home. Headquartered in Hartford, Conn., CareCentrix has approximately 1,400 employees and a nationwide network of almost 8,000 credentialed home health provider locations. CareCentrix serves leading health plans across the U.S. with a range of products and services that leverage the home and community-based settings. We help payors and providers lower costs and improve outcomes for health plans and consumers. Covering more than 23 million lives, we provide optimal access to quality home care by connecting providers with patients and helping them navigate the complex home care system. Our extensive range of services provides support for patients and their families in every step of the

healing process, including home nursing, home infusion, home medical equipment, and wound care. CareCentrix also offers specialty products and services to help prevent costly patient hospital readmissions, including HomeSTAR[®], which successfully identifies high-risk patients and provides home care coaching, improving outcomes for patients and lowering costs to health plans.
